Describe requested reasonable accommodation in more detail:

The above-named person has applied for housing or is a current resident of assisted housing under various Federally subsidized housing programs. The Department of Justice (“DOJ”) and the Department of Urban Development (“HUD”) are jointly responsible for enforcing federal fair housing laws.

Fair housing laws allow individuals who have a mental or physical disability, which substantially limits a major life function, to request that a housing provider grant him/her a reasonable modification and/or accommodation in rules, policies, procedures, or practices. Federal regulations allow a housing provider to verify information that is used in determining an individual’s eligibility or level of benefits under these housing programs.

The above-named individual has identified you as a professional that can verify and provide an opinion regarding his/her requested accommodation. We ask for your cooperation in providing information and returning it to the requesting organization listed at the top of the page. Your prompt return of this information will help ensure the timely processing of the application for assistance. This information may be returned by email or fax to CMHA’s office. The applicant/tenant has consented to this release of information as shown on the enclosed consent form or signature below.

RELEASE: I hereby authorize the release of the requested information. Information obtained under this consent is limited to information that is no older than 12 months.
